What is the Summer Science Institute?

Join us at Florida Atlantic University for a four week non-credit academic program. The Summer Science Institute is specifically designed for high achieving middle and high school students interested in discovering the world of science. The selection process is competitive and space is limited so submit your application today!

The Institute curriculum is designed to meet the intellectual and cognitive needs of high performing middle and high school students. We use a problem based learning model to develop student’s critical thinking skills. Our program draws from a broad range of disciplines within the sciences to maximize the potential of science interdisciplinary studies.

We offer small classes, personalized attention and access to expert scientists in the field.

- REAL Research!
- REAL Labs!
- REAL Scientists!

Why FAU?

- FAU is the 1st public University in Southeast Florida
- FAU is built on a rich tradition as a teaching university
- FAU has respected faculty and eminent scholars
- FAU is a top research institution in areas ranging from biomedicine and biotechnology to ocean engineering.
- FAU has a state-of-the-art medical school
- FAU is classified as a High Research Activity institution by the Carnegie Foundation for the Advancement of Teaching.

Qualifications:
• Strong interest in science
• High achieving middle or high school student
